SEABOARD BIDDING SHIPPINGS STRONG PUTS OATS ON UP-GRADE

Chicago, March 19.—Corn developed strength today, influenced by the prospect that the ideal weather for field work would tend to restrict hauling from farms. Opening prices, which varied from unchanged figures to ½c off, with March \$1.27% and May \$1.247% @1.25, were followed by a material upturn all around. Seaboard bidding put the oats market on the upgrade. New York, March 19 .- Substantial recoveries from yesterday's general depression prevailed at the opening of today's stock market. As the news regarding the cap-ture of the undersea boat was rigor-ously censored by the Dutch officials it was never discovered by the colonists whether the submarine was retaken, according to Von Ebelsohn.

German Chancellor Declares Treaty With Russia Carried No Disgraceful Conditions.

Copenhagen, Monday, March 18 .-Chancellor Von Hertling, on the first reading in the reichstag of the peace treaty with Russia today, declared that he did not wish to discuss the opinions of Germany's enemies regarding the treaty. "Hypocrisy," the chancellor added.

"has become second nature to the enemy, whose untruthfulness is made worse by its brutality. Every attempt at calm explanation and every real deliberation must fail when the enemy, at the very moment they are laving a heavy hand on a neutral country, dare to speak of a policy guided by complete unselfishness.

The imperial chancellor declared that Courland and Lithuania were united to Germany politically, economically and militarily, and added:

You remember the repeated interruptions, the rupture and the re-sumption of the negotiations. The point had been reached where 'yes' or 'no' had to be said, and, on March 3, peace was concluded at Brest-Litovsk. On March 16 it was ratified by a com-petent assembly at Moscow."
